Mr John Perry,
Managing Director,
Caught in the Act Video Surveillance P/L,
P.O. Box 2726,
Cheltenham, Vic. 3129.

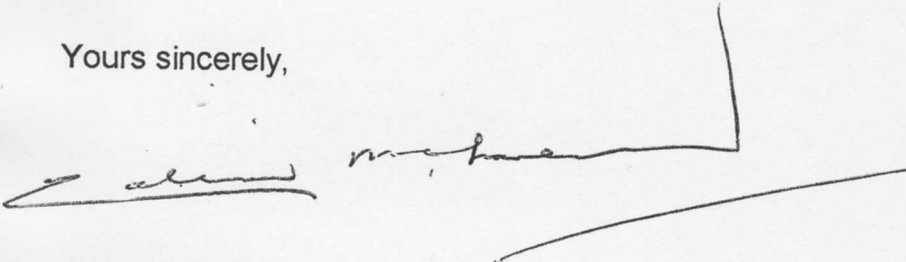

Dear John,

Just a short note to advise that, since the installation of your video surveillance system in December last year, we have only had one instance of vandalism to the property covered (a broken window costing \$300 to repair) - and the perpetrator was caught on camera. During the previous year, our expenditure to repair damage caused to this particular property amounted to over \$5000, so the old adage, "prevention is better than cure", is certainly proving true.

Needless to say, we are delighted with this result, particularly since our savings through the reduction in repair costs has already almost covered the cost of the video surveillance system.

We would also take this opportunity to commend and thank both you and your staff for the high quality of service that your company provides - whenever we have needed advice or assistance, your response has been prompt and your expert attention to our needs has been greatly appreciated.

Yours sincerely,

Colin McLaren
Manager Facilities
